EXPERIENCE

APRIL 2022 – OCTOBER 2022

REMOTE JUNIOR IOS MOBILE DEVELOPER, REVATURE

I was in charge of developing mobile applications using Swift/Xcode, XCTesting/UnitTesting, SQLite, Git, and several different types of Core FrameWorks. I worked in group and individual projects creating applications expanding my knowledge on how applications are designed/developed.

EDUCATION

JULY 2024 – JULY 2026

BACHELOR'S DEGREE, FULL SAIL UNIVERSITY (FSU- FLORIDA)

I am currently in my first year of getting my bachelor's degree in Video Game Development.

AUGUST 2018 – JUNE 2020

ASSOCIATES DEGREE, TEXAS STATE TECHNICAL COLLEGE (TSTC- HARLINGEN)

I received my Associates Degree in Graphics, Gaming, and Simulation Programing Technology in June 2020. I studied C++, C#, and Unity. I created three games while attending college. Two games were created by myself, and one game was created in a group setting.

Achievements - Certificate of Academic Achievement (3) – Received three separate Certificates for maintaining a high GPA (highest being 4.0) throughout several semesters and graduated with an overall GPA of 3.65.

SKILLS

Soft Skills

Teamwork, Fast learner, Cooperative, Problem solver, Dedicated

Programming Languages

C++, C#, Swift, Java, JavaScript, SQLite

Software

Unity, XCode, Visual Studios, Git, Microsoft Office, Figma, Trello, Mirro

PROJECTS

Completed Projects in Revature:

- Developed an application that plays music from a Rest Api, integrates with browsers, and creates/stores notes for said user.
- Developed an ecommerce application that can extract products from a Rest Api and display it to the user where they can choose to either add to their cart or wishlist.
